**NOTICE OF PROPOSED AWARD****Alternative and Renewable Fuel and Vehicle Technology Program****Grant Solicitation GFO-15-604
Freight Transportation Projects at California Seaports
May 19, 2016**

On January 7, 2016, the California Energy Commission (Energy Commission) released a Grant Solicitation and Application Package entitled "Freight Transportation Projects at California Seaports" under the Alternative and Renewable Fuel and Vehicle Technology Program (ARFVTP). This grant solicitation was an offer to fund projects that demonstrate freight transportation projects for medium- and heavy-duty vehicle technologies, demonstrate intelligent transportation systems and technologies, and deployment of natural gas vehicles.

The attached table, "Notice of Proposed Award", identifies each applicant selected and recommended for funding by Energy Commission staff and includes the amount of recommended funding and score. This notice is being mailed to all parties who submitted an application to this solicitation and is also posted on the Energy Commission's website at: <http://www.energy.ca.gov/contracts/index.html>.

Funding of proposed projects resulting from this solicitation is contingent upon the approval of these projects at a publicly noticed Energy Commission Business Meeting and execution of a grant agreement.

Questions should be directed to: Diana Parmley
