PON-13-610
Addendum 1
Natural Gas Vehicle Incentives

Posted: February 25, 2014

The purpose of this addendum is to replace the existing ARF-4 Natural Gas Vehicle Incentive Payment Claim Form – Purchaser with the attached (Revised 2/25/14) version and edit/update the PON Application Manual as follows:

1. Edit the last paragraph of Section 6 Funding and Incentive Levels on page 7 of the PON to read:

A single end-user (i.e., purchaser of the natural gas vehicle receiving an incentive) is eligible for up to a maximum of ~~40~~ **20** incentives only under this solicitation. An end-user is defined as any single individual or business entity including all subsidiaries. Once an end-user exceeds this maximum incentive cap, the Energy Commission reserves the right to reject incentive reimbursement requests associated with end-users exceeding the cap.
