

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF GRIDLEY  
APPROVING OF A PROGRAM FOR ENFORCEMENT OF THE RENEWABLE  
PORTFOLIO STANDARDS PROGRAM**

**WHEREAS**, the State of California has an existing California Renewables Portfolio Standard Program (RPS program) that is intended to increase the amount of electricity generated each year from eligible renewable energy resources;

**WHEREAS**, on April 12, 2011, the Governor of the State of California signed California Senate Bill 2 of the First Extraordinary Session (SBX1-2, Chapter 1, Statutes of 2011, First Extraordinary Session), known as the *California Renewable Energy Resources Act*;

**WHEREAS**, on September 9, 2011, the California Legislature ended the First Extraordinary Session;

**WHEREAS**, SBX1-2 becomes effective on December 10, 2011, ninety-one days after the end of the First Extraordinary Session;

**WHEREAS**, SBX1-2 states the intent of the Legislature that the amount of electricity generated per year from eligible renewable energy resources be increased to an amount that equals at least 20% of the total electricity sold to retail customers in California per year by December 31, 2013, and 33% by December 31, 2020;

**WHEREAS**, pursuant to the provisions of Public Utilities Code section 399.30(a), the City of Gridley must adopt and implement a renewable energy resources procurement plan (hereinafter referred to as the "RPS Procurement Plan") to fulfill unmet long-term generation resource needs, that requires the City of Gridley to procure a minimum quantity of electricity products from eligible renewable energy resources, including renewable energy credits, as a specified percentage of the total kilowatt-hours sold to the City of Gridley's retail end-use customers each compliance period, to achieve specified procurement targets;

**WHEREAS**, the City has adopted and implemented, or will adopt and implement, an RPS Procurement Plan that includes compliance periods (Compliance Periods) pursuant to Public Utilities Code section 399.30(b). Such Compliance Periods shall be January 1, 2011 to December 31, 2013, inclusive (Compliance Period 1), January 1, 2014 to December 31, 2016, inclusive (Compliance Period 2), January 1, 2017 to December 31, 2020, inclusive (Compliance Period 3), and each calendar year after 2020;

**WHEREAS**, the City of Gridley has adopted and implemented, or will adopt and implement, an RPS Procurement Plan that includes specified procurement targets (Procurement Targets) of renewable energy resources for each Compliance Period pursuant to Public Utilities Code section 399.30(c)(1) and (2). Procurement Targets must average twenty percent (20%) of retail sales for the period January 1, 2011 to December 31, 2013, must meet twenty-five percent (25%) of retail sales by December 31, 2016, must meet thirty-three percent (33%) of retail sales by December 31, 2020, and must meet thirty-three percent (33%) of retail sales for all years thereafter;

**WHEREAS**, the City of Gridley has adopted and implemented, or will adopt and implement, an RPS Procurement Plan that includes provisions that address a demonstration of reasonable progress in 2014 and 2015 to ensure the twenty five percent (25%) RPS procurement requirement by 2016, and reasonable progress in each of 2017, 2018, and 2019 to ensure the thirty three percent (33%) RPS procurement requirement by 2020, pursuant to Public Utilities Code section 399.30(c)(2);

**WHEREAS**, the City of Gridley has adopted and implemented, or will adopt and implement an RPS Procurement Plan that includes definitions for three renewable product content categories (Content Categories) pursuant to Public Utilities Code section 399.30(c)(3) and consistent with Public Utilities Code section 399.16;

**WHEREAS**, the City of Gridley's RPS Procurement Plan shall include "Content Category 1"; consistent with Public Utilities Code section § 399.16(b)(1) (A) and (B), Content Category 1, shall include renewable energy resource electricity products that either (a) have a first point of interconnection with a California balancing authority, have a first point of interconnection with distribution facilities used to serve end users within a California balancing authority area, or are scheduled from the eligible renewable energy resource into a California balancing authority without substituting electricity from another source, and which may include the use of another source to provide real-time ancillary services required to maintain an hourly or subhourly import schedule into a California balancing authority, but only the fraction of the schedule actually generated by the eligible renewable energy resource shall count toward this portfolio content category, or (B) have an agreement to dynamically transfer electricity to a California balancing authority;

**WHEREAS**, the City of Gridley's RPS Procurement Plan shall include "Content Category 2"; consistent with Public Utilities Code section 399.16(b)(2), Content Category 2 shall include firm and shaped eligible renewable energy resource electricity products providing incremental electricity and scheduled into a California balancing authority;

**WHEREAS**, the City of Gridley's RPS Procurement Plan shall include "Content Category 3"; consistent with Public Utilities Code § 399.16(b)(3), Content Category 3 shall include eligible renewable energy resource electricity products, or any fraction of the electricity generated, including unbundled renewable energy credits, that do not qualify under the criteria for Content Category 1 or Content Category 2;

**WHEREAS**, the City of Gridley has adopted and implemented, or will adopt and implement, an RPS Procurement Plan that includes the minimum procurement requirements (Procurement Requirements) of eligible renewable energy resource electricity products associated with contracts executed after June 1, 2010 for each Compliance Period, consistent with Public Utilities Code section 399.30(c)(3) and section 399.16;

**WHEREAS**, the City of Gridley's RPS Procurement Plan shall include Content Category 1 Procurement Requirements of not less than fifty percent (50%) of the eligible renewable energy resource electricity for Compliance Period 1, not less than sixty-five percent (65%) of the eligible renewable energy resource electricity for Compliance Period 2, and not less than seventy-five percent (75%) of the eligible renewable energy resource electricity for Compliance Period 3 and every year thereafter, consistent with Public Utilities Code section 399.16(c)(1);

**WHEREAS**, the City of Gridley's RPS Procurement Plan shall include Content Category 3 Procurement Requirements of not more than twenty-five percent (25%) of the eligible renewable energy resource electricity for Compliance Period 1, not more than fifteen percent (15%) of the eligible renewable energy resource electricity for Compliance Period 2, and not more than ten percent (10%) of the eligible renewable energy resource electricity for Compliance Period 3, consistent with Public Utilities Code section 399.16(c)(2);

**WHEREAS**, the City of Gridley's RPS Procurement Plan shall include Content Category 2 resources to meet the remaining RSP obligation for any given Compliance Period;

**WHEREAS**, the City of Gridley has adopted and implemented, or will adopt and implement, an RPS Procurement Plan that provides a definition for contract or ownership agreements originally executed prior to June 1, 2010 (Grandfathered Resources) consistent with Public Utilities Code section 399.16(d). Grandfathered Resources shall include any contract or ownership agreement originally executed prior to June 1, 2010 for resources that were RPS eligible under the rules in place when the contract was executed, and for which any subsequent contract amendments or modifications occurring after June 1, 2010 do not increase the nameplate capacity for the facility or expected quantities of annual generation, or substitute a different renewable energy resource; the duration of the contract may be extended if the original contract specified a procurement commitment of fifteen (15) or more years;

**WHEREAS**, the City of Gridley has adopted and implemented, or will adopt and implement, an RPS Procurement Plan that includes rules for application of excess procurement (Excess Procurement) of eligible renewable energy resource electricity from one Compliance Period to a subsequent Compliance Period consistent with Public Utilities Code section

399.30(d)(1) and in the same manner as section 399.13(a)(4)(B). Beginning January 1, 2011, Excess Procurement from one Compliance Period may be applied to a subsequent Compliance Period; to determine the quantity of Excess Procurement for the applicable Compliance Period, the City of Gridley shall deduct from actual procurement quantities, the total amount of procurement associated with contracts of less than ten (10) years in duration, and shall not include any resources designated as Content Category 3;

**WHEREAS**, the City of Gridley has adopted and implemented, or will adopt and implement, an RPS Procurement Plan that includes conditions for delaying timely compliance consistent with Public Utilities Code section 399.30(d)(2) and section 399.15(b). The City of Gridley may approve a waiver of timely compliance (Waiver of Timely Compliance) in the event that there is inadequate transmission capacity (§ 399.15(b)(5)(A)), permitting, interconnection, or other factors that delay procurement, or insufficient supply (§ 399.15(b)(5)(B)), unanticipated curtailment are mandated to address needs of the balancing authority (§ 399.15(b)(5)(C)), or related factors existed;

**WHEREAS**, the City of Gridley has adopted and implemented, or will adopt and implement, an RPS Procurement Plan that establishes procedures to employ in the event of an approval of a Waiver of Timely Compliance, which provisions require the City of Gridley to establish additional reporting for intervening years to demonstrate that reasonable actions under the City of Gridley's control are being taken (§ 399.15(b)(6)) and to demonstrate that all reasonable actions within the City of Gridley's control have been taken to ensure compliance in the future (§ 399.15(b)(7)); in no event shall the deficit from prior compliance periods be added to subsequent compliance periods in the event of a Waiver of Timely Compliance (§ 399.15(b)(9));

**WHEREAS**, the City of Gridley has adopted and implemented, or will adopt and implement, an RPS Procurement Plan that establishes procedures that address cost limitations for expenditures on renewable resources (Cost Limitations for Expenditures) consistent with Public Utilities Code section 399.30(d)(3) and section 399.15(c). Cost Limitations for Expenditures shall be applicable to procurement expenditures for all eligible renewable energy resources used to comply with the renewables portfolio standard, and shall be based on factors that include, but are not limited to, the most recent renewable energy procurement plan, procurement expenditures that approximate the expected cost of building, owning, and operating eligible renewable energy resources, and the potential that some planned resource additions may be delayed or canceled;

**WHEREAS**, pursuant to the provisions of Public Utilities Code section 399.30(m), the City of Gridley shall retain discretion over the mix of eligible renewable energy resources procured by the City of Gridley and those additional generation resources procured by the City of Gridley for purposes of ensuring resource adequacy and reliability, and the reasonable costs incurred by the City of Gridley for eligible renewable energy resources owned by it;

**WHEREAS**, pursuant to the provisions of Public Utilities Code section 399.30(e), the City is required to adopt a program for the enforcement of the RPS program;

**WHEREAS**, pursuant to the provisions of Public Utilities Code section 399.30(e), the City must adopt a program for enforcement of the RPS program on or before January 1, 2012;

**WHEREAS**, the City Council, in compliance with Public Utilities Code section 399.30(e), desires to adopt a program for the enforcement of RPS program (RPS Enforcement Program); and,

**WHEREAS**, the City Council, in compliance with Public Utilities Code section 399.30(e), has provided not less than thirty days' notice of the proposed adoption of the RPS Enforcement Program.
